

## DUMP TRAILER

The DT714LPHD-12 dump trailer can haul construction materials as well as construction equipment. With a bed size of 81.5 in. x 14 ft., it has a 5.9 cu. yd.

capacity. Features include bright LED lights, radial tires, a Valspar powder-coat finish, BullDog jack, and tie-down rails. Bri-Mar. 800-732-5845. www.bri-mar.com. **Circle 71.**

## PORTABLE HOISTS

Leo portable hoists are equipped with push-button pendants and upper limit switch assemblies, enabling up and down movement that instantly stops when the

upper limit switch is activated. A variable frequency drive controller offers various speed settings and makes lifting delicate materials easier and safer. Beta Max Hoists Systems. 800-233-5112. www.betamaxhoist.com. **Circle 72.**

## SIDE DUMP TRAILER

Constructed of Domex high-strength cold forming steel, the Contractors Series Side Dump trailer works with any pick-up truck or tractor with a standard 2<sup>5</sup>/<sub>16</sub> in. adjustable ball hitch. It can haul various materials including stone, gravel, dirt,

## product focus: portable puming

### PUMP ATTACHMENT

The redesigned RD6536 concrete pump attachment now includes a rugged remixer in the receiving hopper. It pumps up to 3/4 in. aggregate mixes, with a hydraulic flow of 18 gal./minute at 3000 psi, and delivers up to 25 cu. yds./hour. The attachment can be used on any kind of skidsteer and is suited to form and pour, ICF, driveways, basements, blockfill, and various shotcrete applications. Blastcrete Equipment Co. 800-235-4867. www.blastcrete.com. **Circle 73.**

### SHOTCRETE TRAILER PUMP

The Cobra 530 shotcrete trailer pump is capable of deliver up to 30 cu. yds./hour and features dual 5-in. material cylinders, 1100 psi maximum pump pressure, and a 54 hp diesel. It is designed for high-volume material placement applications. Airplaco Equipment Co. 888-349-2950. www.airplaco.com. **Circle 74.**

### GROUT DELIVERY SYSTEM

The Uphill Grout Hog has an extended discharge arm,

which decreases head height and saves the forklift several feet of boom extension, allowing the capability of pouring close to bar joists when filling interior block walls. Other features include a swivel-base system, a removable auger, and the ability to deliver 1/2-in. aggregate. EZ

Grout Corp. 800-417-9272. www.ezgrout.com. **Circle 75.**

### STATIONARY PUMP

Used to pump grout, light-weight concrete, flowable fill, shotcrete, and slurries, the SP 88 mechanical ball-valve trailer pump has a 25 cu. yds./hour output and a

31-hp engine, although an electric motor is an option. Other features include a heat-treated crankshaft and one-piece cam for long lasting operation. The pumping cylinder stroke length is adjustable to four settings depending on volume and distance requirements. Schwing America Inc. 888-724-9464. www.schwing.com. **Circle 76.**
